Products issued by  
**National Life Insurance Company®**

National Life Group® is a trade name of National Life Insurance Company, Montpelier, VT, Life Insurance Company of the Southwest, Addison, TX and their affiliates. Each company of National Life Group is solely responsible for its own financial condition and contractual obligations. Life Insurance Company of the Southwest is not an authorized insurer in New York and does not conduct insurance business in New York.

One National Life Drive, Montpelier, VT 05604 | 800-732-8939 | [www.NationalLife.com](http://www.NationalLife.com)

The Lifetime Income Benefit Rider, form series 20412(0616), and Accelerated Benefits Riders (ABRs), form series 7490/7493/9744/ICC10-8843/8591NY/20285/ICC15-20285/20286/ICC15-20286/8765 are available on the FlexLife II indexed universal life (IUL) insurance policy, form series ICC16 / 20413(0616), and other IUL policies underwritten by National Life Insurance Company, Montpelier, Vermont.

1. The Lifetime Income Benefit Rider provides a benefit for the life of the insured if certain conditions are met, including but not limited to the insured's attained age being between age 60 and 85, and that the policy has been in force at least 10 years. Insufficient policy values, outstanding policy loans and other considerations may also restrict exercising the rider. Receipt of income benefits will reduce the policy's cash value and death benefit and may terminate other riders or reduce their benefits. There is a monthly charge from the accumulated value during the income payment period. The Lifetime Income Benefit Rider is optional and available at policy issue. Benefit payments are funded via tax-free policy loans, which will reduce the policy's cash value and death benefit. The policyholder cannot make additional premium payments or request additional withdrawals or policy loans during the benefit payment period or the rider will terminate. Terminating the rider may result in a lapsed policy and substantial tax consequences.
2. Receipt of accelerated benefits reduces the Death Benefit and cash value (if any) otherwise payable under the policy, may be a taxable event and may affect your eligibility for public assistance programs, such as medical assistance (Medicaid), Aid to Families with Dependent Children, and Supplemental Security Income. Please consult your personal tax advisor to determine the tax status of any benefits paid under this rider and with social service agencies concerning how receipt of such a payment will affect you, your spouse and your family's eligibility for public assistance. This rider is intended for favorable tax treatment under Section 101(g) of the Internal Revenue Code (26 U.S.C. Sec. 101(g)). Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or how the benefits are used. There is no restriction placed on the use of the accelerated benefit with the exception that ABR proceeds for chronic illness in the state of Massachusetts can only be used to pay for expenses incurred for Qualified Long-Term Care services. The actual payment you receive will be less than the portion of the death benefit accelerated because the benefits are paid prior to death. Values are based on a current interest rate and mortality rates. There is an initial administrative fee at the time the rider is exercised. We currently limit the amount of death benefit that may be accelerated under all contracts made over the entire lifetime of the insured to \$1,500,000 for terminal or chronic illness, and \$1,000,000 for critical illness or injury. We reserve the right to change this limit in the future; however the limit will never be less than \$500,000. Other restrictions, limitations and waiting periods may apply.

For ABR Chronic II Accelerated Benefit Rider for Covered Chronic Illness (form 8591NY0108) is optional and only available in New York. The maximum amount over the entire lifetime of the Insured, that will be accelerated or converted to reduced paid-up insurance under all contracts made on the life of the Insured is \$2,000,000 when benefits are paid due to a chronic illness in New York. The maximum amount in New York for terminal is \$1,500,000 and \$1,000,000 for critical illness or critical injury.

**This product is a life insurance policy with a rider that accelerates the death benefit on account of chronic illness and is not a health insurance policy providing long-term care insurance subject to the minimum requirements of New York Law, does not qualify for the New York State Long-Term Care Partnership program and is not a Medicare supplement policy.**

Our Terminal Illness riders allow for the payment of a portion of an insured's death benefit, on a discounted basis, if the insured has an illness or chronic condition which can reasonably be expected to result in death in 24 months or less. There is no additional premium for this rider.

Our Chronic Illness and Covered Chronic Illness riders allow for the payment of a portion of an insured's death benefit, on a discounted basis, if the insured is Chronically Ill. A chronic illness is defined as one that leaves you unable to perform, without substantial assistance, two of the six normal activities of daily living for a period of at least 90 consecutive days due to a loss of functional capacity or requires substantial supervision to protect oneself from threats to health and safety due to severe cognitive impairment. The six activities of daily living include bathing, continence, dressing, eating, toileting, and transferring. There is no additional premium for this rider.

Our Critical Illness or Critical Injury Riders allow for the payment of a portion of an insured's death benefit, on a discounted basis, if the insured is Critically Ill or Critically Injured. Covered critical illnesses are ALS (Lou Gehrig's disease), Aorta Graft Surgery, Aplastic Anemia, Blindness, Cancer, Cystic Fibrosis, End-Stage Renal Failure, Heart Attack, Heart Valve Replacement, Major Organ Transplant, Motor Neuron Disease, Stroke, Sudden Cardiac Arrest. Covered Critical Injury illnesses are Coma, Paralysis, Severe Burns, Traumatic Brain Injury. Covered critical illnesses and covered critical injuries may vary by state.

Certain states require advertising for ABRs to provide a comparison to the benefits provided by LTC insurance. However, Accelerated Benefits provided by the ABR riders are not long-term care insurance, and are not intended to be the same as, or an alternative to, long-term care insurance.

**This is a life insurance benefit that also gives you the option to accelerate some or all of the death benefit in the event that you meet the criteria for a qualifying event described in the policy. This policy or certificate does not provide long-term care insurance subject to California long-term care insurance law. This policy or certificate is not a California Partnership for Long-Term Care program policy. This policy or certificate is not a Medicare supplement (policy or certificate).**

ABR Riders are supplemental benefits that can be added to a life insurance policy and are not suitable unless you also have a need for life insurance. Receipt of benefits may reduce or eliminate the availability of other policy riders and benefits. Benefits available are calculated at time of claim based on the age of the policy and our expectation of your future mortality. The amount of Accelerated Benefit available will depend on your life policy's death benefit value when ABR benefits are claimed. For policies in good standing, if ABR benefits are not used, policy death benefits and other rider benefits are still available. Long-term care (LTC) insurance is not life insurance, and as such, has no death benefit or cash value. LTC insurance benefits are specified at the time of the contract. LTC benefits are paid as a form of expense reimbursement for qualified long-term care expenses. By comparison, there is no restriction placed on the use of the accelerated benefits, they are paid once qualifications are met, and do not require you to provide receipt of specific expenses to qualify for the benefit. LTC premiums vary based on the level and length of benefit chosen by the policyholder. Premiums are paid on a recurring basis, and failure to pay premiums will generally lapse the policy. If LTC benefits are not claimed, they are typically forfeited. LTC insurance policies may offer non-forfeiture benefits for additional premium.

**This is a solicitation of insurance. An insurance agent may contact you.**
